

# Old Stories, New Voices

The Cottrell Digital Studio

at the Northeast Georgia History Center

**THE COTTRELL FOUNDATION**

The Northeast Georgia History Center is the premier history resource for teachers throughout the region. We continue to make available our Travel Trunks, gallery tours, living history demonstrations, and museum theatre performances. However, school budgets, curricula, and scheduling are making it more and more difficult to bring students to the History Center.

Therefore, we developed a new program that brings the  
History Center to **YOU:**

## **The Cottrell Digital Studio**

All programs designed to help educators satisfy the state's mandate to use technology in learning and to satisfy Georgia Performance Standards in Education, and can be delivered as on demand downloadable/online viewing content or direct to classroom/school broadcasts.

### **Showcase Services & Programs**

Museum Theatre performances

Living History demonstrations

Virtual Gallery tours

Virtual Historic House and Gardens tours

Subject Specific lessons

## **Museum to Classroom Broadcasts**

The History Center provides interactive, direct-to-classroom internet broadcasts of third- and first-person interpretive programs, including specialized programming which can be combined with our GPS-based Travel Trunks

## **On-Demand Webisodes**

The History Center is producing an ongoing series of 5-to-30 minute documentary digital films about a wide variety of GPS-focused topics that will be available in a download-on-demand format

## **Virtual Field Trips/Exhibits Tours**

The History Center can broadcast 20-to-45 minute live and interactive Virtual Field Trips of our exhibit galleries, gardens, and historic houses

## **Subject Specific Lessons**

If you require a subject-specific presentation, the History Center will work with you by contacting topic experts and arranging for a unique, custom-produced presentation for your class, grade, or school

## ***What does the Digital Studio offer students?***

- A chance to learn real history in a way comfortable and engaging to their respective age groups
- A chance to interact with professional educators and historians in the familiar environment of their own classroom
- A chance to learn not just national history, but local history that affects *their* lives and *their* communities

## ***What does the Digital Studio offer teachers?***

- Georgia Performance Standards-based programming to supplement traditional classroom lessons
- Prepared content and interactive modules by topic experts at their fingertips
- Engaging media presentations that are 100% compatible with existing classroom equipment

To take advantage of this educational outreach program, please contact the History Center. Pricing may vary, though scholarships are available
